

“Ancient People of Arizona” Outreach Presentation

Old Pueblo Archaeology Center’s OPENOUT (Old Pueblo Educational Neighborhood Outreach) program offers 60-minute presentations by professional archaeologists.

“Ancient People of Arizona” is designed to give children an idea of how the Ancestral Pueblo (Anasazi), Mogollon, and Hohokam peoples lived and how some aspects of everyday life have changed while others have stayed the same. This outreach presentation includes real and replica artifacts, plus abundant illustrations to help children experience how prehistoric Native Americans of our area lived and to appreciate the arts they created.

The hands-on materials and fun lesson plans in our OPENOUT programs bring archaeology and the past alive for children and are a perfect prelude for the OPEN3 simulated archaeological excavation program.
