Some projectile points made by the workshop instructor:

SAM GREENLEAF

In this 3-hour workshop Old Pueblo's expert flintknapper Sam Greenleaf demonstrates and teaches how to make arrowheads and spear points out of obsidian and other kinds of stone.

Sam provides insights into how ancient peoples made and used stone tools, and provides hands-on experience in making and recognizing stone artifacts.

All necessary equipment is provided. Limited to six participants.

Persons under age 16 can enroll if parent or guardian also enrolls.

Register for the workshop for hands-on instruction in how to produce a flaked stone tool using a hammerstone to break a desired size of flake off of a core of rock, thinning and shaping the flake into a projectile point or other stone implement using an antler tool, and finishing the artifact using pressure flaking.

This activity is designed to help modern people understand how early peoples made and used tools. It is not intended to train people how to make crafts for sale.

To register contact Old Pueblo Archaeology Center at info@oldpueblo.org or 520-798-1201.

Checks, cash, and Visa, MasterCard, Discover, and American Express cards are accepted. Please do not send cash in the mail.

Donations for reservations made less than five days before a class date are nonrefundable.

Donation for a missed session will be refunded only if Old Pueblo Archaeology Center cancels the workshop or receives at least 24 hours advance notice of absence from a registrant.
