Some projectile points made by the **WORKSHOP INSTRUCTOR:
SAM GREENLEAF**

In this 3-hour workshop Old Pueblo's expert
flintknapper Sam Greenleaf demonstrates
and teaches how to make arrowheads
and spear points out of obsidian and
other kinds of stone.

Sam provides insights into how an-
cient peoples made and used stone
tools, and provides hands-on ex-
perience in making and recog-
nizing flaked stone artifacts.

Obsidian stone and all necessary
equipment are provided.

Limited to six participants.

Persons under age 16 may enroll only if parent
or guardian also enrolls.

Register for this workshop to get
hands-on instruction in how to
produce a flaked stone tool using
a hammerstone to break a desired
size of flake off of a core of rock,
thin and shape the flake into a
projectile point or other stone
implement using an antler tool,
and finishing the artifact using fine
pressure flaking.

This activity is designed to help
modern people understand how
early peoples made and used tools.
It is not intended to train people how
to make crafts for sale.

To register contact Old Pueblo Archaeology Center at info@oldpueblo.org or 520-798-1201.

Checks, cash, and Visa, MasterCard, Discover, and American Express cards are accepted. Please do not send cash in the mail.

Donations for reservations made less than five days before a class date are nonrefundable.

Donation for a missed session will be refunded only if Old Pueblo Archaeology Center cancels the workshop
or receives at least 24 hours advance notice of absence from a registrant.
