Some projectile points made by the **WORKSHOP INSTRUCTOR:
SAM GREENLEAF**

In this 3-hour workshop Old Pueblo's expert
flintknapper Sam Greenleaf demonstrates
and teaches how to make arrowheads
and spear points out of obsidian and
other kinds of stone.

Sam provides insights into how ancient
peoples made and used stone
tools, and provides hands-on ex-
perience in making and recog-
nizing flaked stone artifacts.

Obsidian stone and all necessary
equipment are provided.
Limited to six participants.
Children under age 16 may enroll only if
parent or guardian also enrolls in the class.

- Register for this workshop** to
get hands-on instruction in how to:
- Produce a flaked stone tool using
a hammerstone to break a desired
size of flake off of a core of rock.
 - Thin and shape the flake into a
projectile point or other stone
implement using an antler tool.
 - Finish the artifact using fine
pressure flaking.

This activity is designed to help
modern people understand how
early peoples made and used tools.
It is not intended to train people how
to make crafts for sale.

To register contact Old Pueblo Archaeology Center at info@oldpueblo.org or 520-798-1201.

Checks, cash, and Visa, MasterCard, Discover, and American Express cards are accepted. Please do not send cash in the mail.

Donations for reservations made less than five days before a class date are nonrefundable.

Donation for a missed session will be refunded only if Old Pueblo Archaeology Center cancels
the workshop or receives at least 24 hours advance notice of absence from a registrant.
